

sealed, pursuant to LCvR 7.1. Such motion must be filed electronically under the designation “Motion to Seal.” The motion must set forth:

- (1) A non-confidential description of the material sought to be sealed;
- (2) A statement indicating why sealing is necessary and why there are no alternatives to filing under seal;
- (3) Unless permanent sealing is sought, a statement indicating how long the party seeks to have the material maintained under seal and how the matter is to be handled upon unsealing; and
- (4) Supporting statutes, case law, or other authority.

LCvR 6.1. It appears that the requirements of LCvR 6.1(c)(1) through (4) have been adequately met.

By the instant motion, Plaintiff seeks to seal Document Nos. 108, 110, 112, 114, and 116 – these documents are “unredacted Responses to Defendants Neutrogena Corporation and Johnson & Johnson’s motion for summary judgment...and Defendants’ motions in limine.” (Document No. 118). Plaintiff contends that these materials include “direct quotes, summaries, or characterizations of confidential documents and were therefore filed under seal in accordance with the Protective Order.” Id.

Having considered the factors provided in LCvR 6.1(c), the Court will grant the motion to seal. Noting that the time for public response has not run to this motion, the Court will consider any objection to this Order from non-parties as an objection to the motion, requiring no additional burden for any non-party under the Federal Rules of Civil Procedure. See Local Rule 6.1(e).

IT IS, THEREFORE, ORDERED that “Plaintiff’s Motion to Seal” (Document No. 118) is **GRANTED**. Document Nos. 108, 110, 112, 114, and 116 shall remain under **SEAL** until otherwise ordered by this Court.

SO ORDERED.
